

**Monthly Aggregate Advance Benefit**

Aggregate claims, although infrequent, can have significant adverse cash implications to your client. This is especially true if your client is forced to wait until the end of a contract period before requesting reimbursement. The solution is a stop loss benefit that will allow the client to file for mid-year advancements.

BP Inc. offers a monthly aggregate advance benefit. The benefit will allow your client to file for mid-year aggregate advancements. Your client does not need to wait until the end of the contract period to file for and receive aggregate advancements.

Monthly Aggregate Advance Benefit Requirements

- Must be purchased at the beginning of the contract and may be renewed for subsequent contract periods.
- After the third month of the contract period the initial advancement request can be made.

Please review the exact contract language and all terms of coverage.

Advantages

- Provides for more manageable annual budgeting.
- Allows for mid-year aggregate advancements.
- Eliminates fluctuations in monthly claim expenditures.

Take better care of your clients with BP Inc.
